<u>FINAL STEP!</u>

The final step of the Incubator Program is the completion of the FORM. We have a separate FORM for all of the provinces so that we can keep track of everything clearly, but the content of all of them is the same :) The FORM is where we collect your final and edited artist statement and confirm your name as you would like it to appear in the publication and in our online and in-person shows. Keep your eye out for the email! And, please don't hesitate to let us know if you haven't received it :)
