

Type out your song (page 1)

FADE INTO YOU
MAZZY STAR

I want to hold the hand inside you
I want to take a breath that's true
I look to you and see nothing
I look to you and see nothing
I look to you to see the truth
You live your life
You go in shadows
You'll come apart and you'll go blind
Some kind of night into your darkness
Colors your eyes with what's not there

Fade into You
Strange that you never knew
Fade into You
It's strange that you never knew

A stranger's light comes on slowly
A stranger's heart without a home
You put your hands into your head
And the it's smiles cover your heart

Fade into You
Strange that you never knew
Fade into You
It's strange that you never knew

Fade into You
Strange that you never knew
Fade into You
It's strange that you never knew
It's strange that you never knew

Then: organize it into lines, verses, blocks of text etc. Start experimenting with different fonts, sizes and colour. Don't be afraid to repeat or take certain lines or words out of context: This is YOUR interpretation. (page 2)

Now - do some quick rough drafts according to instructions. Quickly draw out your column grid and start playing around with negative space. Incorporate what you know about hierarchy and negative space. Again - don't be afraid to repeat lines or words or use quick notes instead of writing everything out.
