

### Stencil Project Rubric

	Beginning	Developing	Approaching	Achieving	Exceeding
Assignment completion				You have completed at least 2 prints with 3 layers	You have completed 4 or more prints with 3 or more layers.
Stencil work and registration				Your stencils are mostly cut straight and most parts of the design align. Overall, your stencils are well cut and aligned	The stencils have been drawn and cut precisely. Edges are even and straight, and your layers align when printed
Paint application				Your paint is generally applied in thin layers. Your edges are mostly even and clean with few bleeds.	Your paint is applied in thin even layers. Your edges are clean and crisp. No paint blobs, marks, etc.
Abstraction of original picture				You have chosen a subject from nature and simplified it into all triangles or squares	You have worked thoughtfully to break down your image into a balanced composition of triangles or squares
Colour and paint mixing				You have used a monochromatic colour scheme for your print. You have mixed a dark, medium, and light tone well.	You have made your print in two different colours schemes: one monochromatic, and 1 other of your choice
